

12/13/10 Committee Meeting

In attendance: Roger R., Karen R., Greg D., Dennis C., Geoff P., Susan M., Chris J.

Recap and Lessons Learned from the Tree sale

Sales totals – handout corrections to be emailed

Start sales on Friday for after school customers

Set up trees by Kring field

Price break 8' \$40 Above \$60

Get customer names from checks and Paypal customers and direct market them (Greg to collect data)

Stand trees up for display

Unload trees on Friday at Kring Field

2) 20' trucks would have been plenty of room

Check chainsaws before hand

Promotion- Signs were the most effective as per feedback from customers. Emphasize free delivery. Church address needs to be on flier. Add to the Monday envelope flier, Church website.

Have a plan for left over trees that don't sell (maybe sell very discounted to teachers/school). Expand delivery area (to the south and evaluate what areas our sales were in). Set up shifts (too many people). Tax to be paid to the tree supplier. Provide an added \$5 for delivery outside the area. Provide better twine and plastic sheeting for customers that take their own tree.

Clear up the tax deductibility of the sale on the flier. Start a contact list for us to notify them of future fund raisers. Create a link on the page for ordering online that takes the customer to the map.

Snow Trip

Jan 7-9

No time for a grub master to organize well. Dennis can plan.

Tyler, Josh, Christopher,

Set a cutoff date for troop sign up so that WEBELOS sign ups.

Fire in snow, snow cave, signs of avalanch, navigate in snow, cooking in the snow, snow fishing (don't bring pole demo only).

Reference any additional gear needed on websites.

Bring snow shoes.

Check out Marin Sierra camp

Christmas Volunteering - Church needs help and we can have the Scouts assist walking people or as greeters around the church
Have not heard from Deb Omori. If she does not contact we will not be helping.
